Minh Nguyen

Portfolio: minh1609.github.io/portfolio
Github: github.com/minh1609
Gmail: hoangminh160997@gmail.com

I am a Developer with curiosity for technology
Always learning to solve bigger and
better problem

Technical Skills

Tech I work with:
React-Redux
Node-Express, Redis, Jest
HTML, CSS, Bootstrap
Git, GitHub
MongoDB, SQL Database
Heroku, Mongo Atlas

Tech I want to learn
Any Cloud platform: AWS || Google Cloud
Service || Microsoft Azure
Golang, Python

Feature Projects

Social Network: A website allow you to share everything to the world
      FrontEnd: React with Redux, HTML, CSS, Google Oauth
      Backend: Nodejs, Restful Express server, MongoDB
      Source Code: github.com/minh1609/social-network
      Deployment: matrix-network.herokuapp.com

Blog: Keep all your secret
      FrontEnd: React with Redux, HTML, CSS
      Backend: Nodejs, Restful Express server, MongoDB, Jest (for testing), Redis (caching data), Amazon S3 (store media file)
      Source Code: github.com/minh1609/portfolio

Portfolio: My personal portfolio built (with React) and design by me
      Source Code: github.com/minh1609/portfolio
      Deployment: minh1609.github.io/portfolio/

FaceBook Clickjacking: it is FaceBook with different domain, also treat your password in different way
      Source Code: github.com/minh1609/facebook-clickjacking
      Deployment: minh1609.github.io/facebook-clickjacking

Experience
